Scouting's Journey to Excellence

2013 Crew Performance Recognition Program

Journey to Excellence changes the basic way we measure and recognize success in the Boy Scouts of America by moving away from measuring process and moving to measuring performance. Below provides specific information to help you understand the criteria and exactly what data will be used to determine the three levels of performance. In planning your strategy, use actual numbers from the previous year to guide your performance improvement goal planning. The crew youth leaders should take the lead in making this assessment. In each area, the crew may qualify by meeting a specific standard or by showing measured improvement.

11	The crew has regular activities (not including normal crew meetings).
2	At charter renewal time, have an increase in the number of youth members over the number of youth members on the previous year's charter renewal.
3	Number of youth members on this year's recharter (C) divided by the number of youth members on last year's recharter (D) plus any additional youth members (E) minus any transfer outs or age outs (F). Total = (C) / (D+E-F).
4	The crew has elected youth leaders as president, vice president, secretary, and treasurer who are leading the activities of the crew.
5	The crew participates in at least two service projects during the year and enters them on the Journey to Excellence website. The projects may be completed as joint projects with other organizations. At least one project must benefit the chartered organization.
6	Have a crew Advisor and a committee with at least 3 members. Advisor and 2/3 of registered adults (paid or multiple registration) have completed leader specific training or, if new leaders, complete within three months of joining. 1/2 of youth members participate in Introduction to Leadership Skills for Crews.
7	The crew participates in at least one super activity of at least three days and three nights, divided by the number of Venturers on 6/30/2013.
8	The crew has a written budget that is reviewed at all crew committee meetings, and the crew follows BSA policies relating to fundraising and fiscal management as found on the Unit Money-Earning Application form, the crew treasurer's book, and any other publication that the council has developed for fundraising and fiscal management.
9	The crew meetings have activities that include a physical fitness component. This is ongoing and members can track their performance. The crew is introduced to the SCOUTStrong PALA award by going to www.scouting.org/SCOUTStrongPALA .
10	Complete the crew's charter renewal paperwork, including all required signatures, and submit completed forms to the council service center or your commissioner before the end of the charter year. Provide all email addresses for parents and registered adults on charter renewal forms and promote the new "Unit Tools" software accessed through your MyScouting account.

Scoring the crew's performance: To determine the crew's performance level, you will use the above information to determine the points earned for each of the 10 individual criteria and then add those individual point scores to determine a composite score. Count only the highest point total achieved in any one criterion. Bronze level requires earning points in at least 8 criteria plus 700 points, Silver level requires earning points in at least 8 criteria and 1,000 points, and Gold level requires earning points in at least 8 criteria and 1,600 points.

WHO USES THIS FORM?

Crews with a charter renewal date in any month from October 2013 to September 2014
